Re: Letter of Appreciation

Chris, I want to commend you on your demonstration of many of the department core values we strive for as an organization. Specifically, you worked with Wyoming Law Enforcement Academy staff as a fellow student in the Peace Officer Basic Class needed additional custody and control training. As a certified custody and control instructor, you worked with academy staff and the student to get them the additional required training. You did this in your off-duty time, above and beyond what is required.

Your actions demonstrate leadership and commitment to the Douglas Police Department as well as the law enforcement profession. Your actions reflect great credit upon yourself and the Douglas Police Department.

Respectfully Submitted,

Todd A. Byerly
Chief of Police
