Re: FY 2023 Transportation Alternatives Program (TAP) Project Modification Letter

Dear Sam,

During the September 1, 2022, TAP Advisory Committee meeting, the Committee recommended that the City of Douglas' project be modified from design and build to design only, and awarded \$200,000.00 instead of \$995,390.00. The Transportation Commission approved the project as recommended by the Committee.

The City of Douglas would like to move forward with the modified project and \$200,000.00 FY2023 TAP award.

If you have any questions, please call Clara Chaffin at (307) 358-2132.

Sincerely,

Rene Kemper
Mayor
