Re: Letter of Appreciation

I would like to extend a sincere thank you for your hard work and dedication to the City of Douglas. During your short tenure with the city and police department you have made a positive impact on those you serve. You went above and beyond on a call for service for a needy individual and not only provided them with a bed, but bedding to accompany it. You consistently work with animal owners for the protection and safety of the animals, as well as the safety of owners and the public as well. You have assisted another department with translation of a Spanish speaking individual. You always lend a hand to others in the organization and do so in an upbeat positive manner. Thank you for your service to the City of Douglas, you truly represent the department core values of leadership, commitment, and compassion.

Re: Letter of Appreciation

I would like to commend you for your attention to detail and diligence on Incident D23-02933. During this call for service, you were advised of a homicide suspect from another state that was possibly in the Douglas area. You had previously dealt with this suspect on a prior call for service as well as having the knowledge that another agency had dealt with him as well. Based on all the information you were able to piece together the location of the suspect vehicle and worked with other outside agencies to secure weapons inside the vehicle that may have been associated with the crime. Your dedication to the policing profession is above reproach and truly represent our core values of leadership, commitment, personal courage, and nobility.
