

Agenda Item Report City Council - June 26, 2023

Item

Resolution No. 2023-17, Authorizing the Issuance of One Monthly Pass for the Douglas Landfill to Residents Who Pay for Sanitation Services on Their Monthly Utility Bill.

Responsible Staff Contact

John Harbarger
Toby Porter

Recommendation

Recommend giving every property owner in Douglas that pays a monthly sanitation bill a free pass into the Douglas Landfill. This pass will only allow one vehicle under 8' a trip into the landfill.

Executive Summary

The city has been doing a Spring clean-up for the residents that pay a sanitation bill to have one free pass into the landfill during this month. It has had some success, but the council would like to offer a free pass to every property owner that pays a sanitation bill one free pass per month.

Background

In the past, the city has had two cleanup weeks during the year. One in the Fall and one in the Spring. These two separate weeks of clean up was for the sole purpose of allowing the residents of Douglas to participate in the cleaning up of their property and allow one free pass into the landfill. Along with this the city would pick up any debris from residents that called in and were put on a list. During these weeks it was evident that this was starting to be used by individuals that were abusing this opportunity by hauling large trucks and dump trucks into the landfill at no cost. It was decided to move to one week in the Spring with the intention of a vehicle under 8' only.

Alignment to Strategic Doing and/or Other Plans

Outcome : Residential property of the month.

Strategy: Reduce and remove blight and enhance entryway.

KPI: FUN-01

2014 Master Plan : N/A

2015 Downtown Master Plan : N/A
