Recommendation

Recommend approval of Ordinance 1026.

Executive Summary

Municipal code has allowed for the waiver of building permit fees to the City, County, State of Wyoming, and/or United States through Title 15. By waiving these fees, the City solely assumes the burden of the expense for permit review and inspections. All other applicants pay building permit fees which allows the cost to be distributed between the applicant and the City.

Staff recognizes there may be appropriate cases where building permit fees are waived, for example, Habitat for Humanity. In these cases, the revised ordinance would allow the non-profit to make a petition to City Council for waiver of the building permit fees.

Background

The City is not exempt from paying fees to the County, State, or United States.
