Recommendation

Consideration of Ordinance 13.04.110 defining Curb Stop Installation and Access

Executive Summary

To define that no person will tamper with or destroy water shut off, and to have the ability to remove vehicles parked on curb stops so we can access in case of emergencies, non-pay or all general purpose.

Background

In past history we have had multiple cases of vehicles parked on curb stops and couldn't shut off for non-pay or emergencies and had cases where the curb stops were filled with debris or caught customers turning their own water back on.
