Recommendations

Recommend approving Ordinance 1043 on first reading.

Executive Summary

Since the adoption of Ordinance 1018 in December 2022, Brownfield Road has had an increase of issues related to parking commercial trucks creating an unsafe and unsightly thoroughfare. Recently, the Douglas Police Department and the Wyoming State Fairgrounds have witnessed damage to fences, an increase in trash being dumped along the side of the road, deep ruts in the drainage area along the west side of the road, and a constant stream of calls to the Douglas Police Department. Additionally, the parking of commercial trucks has created a visual obstruction and an unsafe environment on Brownfield Road.

Public Awareness Campaign: It is recommended that during the process of adopting Ordinance 1043, the Douglas Police Department begin to notify drivers of commercial trucks that parking will be prohibited soon and to start looking for an alternative. Furthermore, it is recommended that once Ordinance 1043 has been published in the Douglas Budget, Public Works distribute temporary signage alerting drivers of commercial trucks that parking is now prohibited anywhere on Brownfield Road.
