Blake Palmer

Recommendation

Accept the bid from Ray-Tech Infrared for Asphalt heater unit with reclaimer box for use by the City of Douglas Streets and Alleys.

Executive Summary

The proposed purchase of a new Infrared heater unit with reclaimer box for street maintenance and repair.

Proposed budget of 140,000.00.

We received three bids:	Ray-tech infrared:	\$124,995.00
	Falcon Road Maintenance Equipment LLC:	\$55,123.00
	Dawson infrastructure Solutions LLC:	\$178,181.25

Falcon Road Maintenance Equipment LLC did not meet specifications. The priced unit was for a reclamation box that has a small 4'x6' heater unit that seems to have been added as an afterthought. it is operated by a boom and chain system that will be far more cumbersome to use. The money saved on it would quickly be wasted in labor costs.

Background

The City of Douglas has many potholed and damaged areas along our streets, we have a limited weather window and small crew to maintain over 75 miles of streets within the city, this equipment will allow year-round maintenance, with simpler operation.
